Hello Susan,

I am writing on behalf of Martin Paten, City of Melbourne, Arts and Culture Branch. We are collecting materials on several figurative sculptors to present to a committee who will meet to consider a **major new public commission** for Melbourne. The commission will likely be in bronze however there may be some flexibility on materials. We were wondering if you are happy to have your work considered for this compilation to present to the committee. If so, we would like to have some documentation of your work to show, eg catalogues or colour photo copies of work. Our initial meeting will occur on Friday the 9th December so if you could forward these materials to me before this date c/-

so I can prepare them for presentation.
This would be appreciated.

I will be here again on Monday and Thursday of next week.

Many thanks,
